DDBRIX

A leading management game to discover and deploy DDMRP

- Play with Lego to see first-hand how DDMRP buffers optimize the flow of both materials and information.
- Observe how demand-driven planning and execution will increase order fulfilment, stabilise production, reduce working capital and alleviate stress.
- Involve people from Finance, Marketing, Sales, Production, Planning and Quality to start breaking down silos, promoting teamwork and getting everyone in the company thinking about FLOW and DDMRP.
- Refresh your existing knowledge of DDMRP while playing and having fun!

**Get involved, and learn how DDMRP
can improve visibility and
your ROI**

Duration: 6 - 8 hours
Capacity: 8 - 16 people
Price: \$2,400 - \$3,600
